* First Data Bank NDC Format Number - Since Nestlé no longer prints NDC Format Codes on product labels, FDB uses the product UPC code to create a number that can be found in the "NDC" field of the FDB publication.						
Reimbursement information provided by Nestlé HealthCare Nutrition, Inc., (HCN) is gathered from third party sources and is presented for illustrative purposes only. This information does not constitute reimbursement or legal advice and does not constitute a recommendation related to medical necessity or the documentation that should be provided in connection with a given patient or claim. All medical necessity determinations must be made by the responsible clinician. HCN makes no representation or warranty regarding this information or its completeness, accuracy, timeliness, or applicability to a particular patient. HCN specifically disclaims liability or responsibility for the results or consequences of any actions taken in reliance on information in this document. Suppliers are responsible for submitting accurate and appropriate claims for services. Laws, regulations and payer policies concerning reimbursement are complex and change frequently. Accordingly, HCN recommends that you consult with your payers, reimbursement specialist and/or legal counsel regarding coding, coverage and reimbursement matters.						
Please be advised that certain Nestlé HealthCare Nutrition, Inc., products have been assigned NDC Formatted Numbers. NDC Formatted Numbers are not actual National Drug Codes (NDC). NDC Formatted Numbers are product codes adjusted according to standard industry practice to meet the format requirements of certain suppliers and payers. Nestlé HealthCare Nutrition submits product information including various product codes to the compendia including First Data Bank, RedBook and Medispan but cannot confirm that the NDC Formatted Numbers submitted have been published by the compendia.
