The reimbursement information contained in this publication is gathered from third party sources and is presented for illustrative purposes only. This information should not be interpreted as a guarantee of reimbursement or as endorsed by Medicare, Medicaid, or an Insurance Carrier. Billing entities should contact their third-party payers for specific information on their coding, coverage and payment policies. While this publication provides examples of clinical information that may be pertinent in seeking enteral coverage for a beneficiary, it does not constitute a recommendation related to a medical necessity determination or the documentation that should be provided in connection with a given patient or claim. All medical necessity determinations must be made by the responsible clinician(s). In addition, the actual documentation used to support a given claim must be true in all respects and accurately represent the individual beneficiary's condition and circumstances. The person or entity submitting claims for reimbursement is solely responsible for ensuring the appropriate filing and accurate content of any particular claim. Persons who submit false or fraudulent claims for reimbursement are subject to significant civil and criminal penalties.

Please be advised that certain Nestlé HealthCare Nutrition products have been assigned NDC Formatted Numbers. NDC Formatted Numbers are not actual National Drug Codes (NDC). NDC Formatted Numbers are product codes adjusted according to standard industry practice to meet the format requirements of certain suppliers and payers. Nestlé HealthCare Nutrition submits product information including various product codes to the compendia including First Data Bank, RedBook and Medispan but cannot confirm that the NDC Formatted Numbers submitted have been published by the compendia.
